No problem. To tell you the truth – I don't think my case is going. The defense attorney is out of town and his secretary told me he is not coming back for this trial. In any event, I feel I have to be ready in case he does show. He has also insisted that this is going to be a plea, so I am fine with whatever you need to do. I will pencil you in for the 26th, just in case.

Chris-

I've spoken to the ADA in Springfield and she would prefer to have me on the 25th instead of the 26th as she only has a couple of witnesses to put on before me, so I was wondering if it would be a problem for you to switch the dates? It sounded as though you might have to have to put me on out of order on the 25th, so this might actually work better for you. Please let me know if this works for you. Sorry about all the confusion.

I could do that – I will take you out of order if necessary.

Chris-

I received notice of another Superior Court case (in Springfield) scheduled to start on July 25th, and the ADA is going to need me on the 25th or 26th. Is it possible that you would definitely be able to get me on the stand on the 25th (if necessary) so I can tell the ADA I will be available on the 26th? If not, please let me know. Thanks for your understanding.

Hi Chris-

I just wanted to let you know that I am also available on July 22nd and 25th if I am needed. Additionally, where should I send the discovery packet? The Amherst lab does not have a scanner, so I can't email it to you. I can either regular mail it to you, or I can fax it to you. Depending on your preference, I need your address or your fax number. Thanks.

Hi Della,

I have a case scheduled for trial on July 22, 2011, in the Middlesex Superior Court. The defense attorney is insisting that this will be a plea, but I don't want to be caught unprepared so I am sending you a summons for this case (you may have already received it). I have also requested the discovery packet. This is an old case (2004) because the defendant has been in default.

We may not do much more than pick a jury on the 22nd and that day is a Friday, so I would likely need you to testify on July 25 or 26.

Does Sonja Farak still work in your lab??

Please let me know if you have any questions or concerns or any conflicts.

Thank you.
